|--|------------|
| Number of children in care when state licensing begins:* | <b>3</b>   |
| Inspection or visit before being licensed:               | <b>Yes</b> |

## Supply of FCC Homes in 2008

|                                     |                |
|-------------------------------------|----------------|
| Number of FCC homes                 | <b>38,132</b>  |
| Number of spaces/slots in FCC homes | <b>372,118</b> |

## Average Price of Child Care in FCC Homes in 2008

|                  |                |
|------------------|----------------|
| For an infant    | <b>\$7,937</b> |
| For a 4-year old | <b>\$7,180</b> |

## Weaknesses

- Allows providers to care for all children from one family for pay and the provider's own children without being licensed.
- Routine inspections are required only once every three years.
- Check of sex offender registries and juvenile records are not explicitly included in background checks.
- Does not require providers to have completed a high school education or GED.
- Providers are only required to have four hours of annual training.
- Does not have requirements regarding communicating with parents, contracts, informing parents of the use of substitutes and having written policies for parents.
- Providers are not required to have any specific toys and materials designed to promote learning.
- Providers are only required to offer one of eight learning activities - creative activities.
- Licensing requirements only address four of the 10 health items - immunizations, exclusion of ill children, toxic substances and home sanitation.
- A single provider can care for as many as four children under 24 months at one time.

## Strengths

- Both routine inspections/visits and those conducted when there is a complaint are unannounced.
- Licensed providers, their substitutes and assistants and family members over 12 years are required to have background checks. Exempt providers receiving subsidies are required to have background checks including child abuse and neglect registries.
- Background checks are based on fingerprints and include checks of criminal records and child abuse registries.
- Regulations address nine of 10 safety requirements - SIDS prevention, discipline, crib safety, electrical hazards, protection from swimming pool and other water sources, fire drills/emergency plans, supervision, door locks/safety gates and transportation.

## Recommendations

- Begin licensing when the provider cares for one or more unrelated children.
- Increase the frequency of inspection of family child care homes to at least annually.
- Use sex offender registries and juvenile records to conduct background checks.
- Require providers to have a high school diploma or GED and a CDA, college courses in early childhood education, or an AA degree within three years of licensing.
- Require providers to complete at least 40 hours of initial training including training in CPR, first aid, child development, child abuse prevention, learning activities, health and safety, child guidance, and business practices.
- Increase the required annual training to at least 24 hours.
- Require providers to communicate with parents, have written contracts, inform parents when there will be a substitute provider and have written policies for parents.
- Require providers to have specific toys and materials to support all areas of development. Require providers to offer all eight of the learning and literacy activities.
- Require providers to address critical health areas including handwashing, meals and snacks, universal health requirements, administration of medications, diapering/toileting and weekend/evening care.
- Reduce the total number of infants and toddlers a provider can care for at one time.

# State of Small Family Child Care Homes in California

| Small Family Child Care Standards   |        |
|---|--------|
| Standards for Ranking   | Scores |
| 1. Requires FCC homes to be inspected/visited before being licensed, at least quarterly, and when there is a complaint. <sup>♣</sup>  |        |
| 2. Requires FCC home inspections/visits (routine and when there are complaints) to be unannounced. <sup>♣</sup>   |        |
| 3. Requires licensed FCC providers, their substitutes and assistants, family members over 12 years of age, and exempt providers receiving subsidies to have a background check.   |        |
| 4. Background checks include checks criminal records, juvenile records, child abuse registries and sex offender registries. Checks of federal records are based on fingerprints.  |        |
| 5. Requires FCC providers to have a high school diploma or GED, and have the CDA <sup>■</sup> , college courses in ECE <sup>○</sup> or an Associate's degree initially or within 3 years of starting to provide child care. |        |
| 6. Requires FCC providers to have at least 40 hours of initial training (including CPR and first aid).  |        |
| 7. Requires FCC providers to have initial training in eight specific areas. <sup>⊖</sup>  |        |

| Small Family Child Care Standards  |        |
|--|--------|
| Standards for Ranking  | Scores |
| 8. Requires FCC providers to have at least 24 hours of annual training (including CPR and first aid renewal).  |        |
| 9. Requires FCC providers to communicate with parents, have contracts with parents, allow parents access to the home, inform parents on use of substitutes and give written policies to parents. |        |
| 10. Requires FCC providers to have toys and materials available in eight different developmental areas. <sup>⊗⊗</sup>  |        |
| 11. Requires FCC providers to offer learning opportunities in eight different areas. <sup>⊗⊗⊗</sup>  |        |
| 12. Limits the total number of children that can be cared for in a small FCC home based on the ages of children in care.   |        |
| 13. Addresses 10 critical health areas. <sup>⊗⊗⊗⊗</sup>  |        |
| 14. Addresses 10 critical safety issues. <sup>⊗⊗⊗⊗⊗</sup>  |        |

## Key:

<sup>•</sup>States receive a score of 0 if they do not license small family child care homes. States receive a score of 0 if they do not inspect or visit before licensing. States receive a score of 0 if the number of children the provider (including the provider's children) could care for pay is seven or above. The total maximum points a state could receive is 140.

<sup>♣</sup>Out of 50 states, plus the District of Columbia and the U.S. Department of Defense. <sup>♣</sup>To derive the total number of children in care, NACCRRRA started with the number of children in care when state licensing begins. One child was added if the state does not include the provider's own children in establishing its licensing threshold. One child was added for each family exempted before licensing begins. <sup>♣</sup>Credit is given for licensing, fire, safety and health inspections. <sup>■</sup>Child Development Associate credential. <sup>○</sup>Early Childhood Education. <sup>⊖</sup>The eight areas of initial training are child development, child abuse prevention, learning activities, health and safety, child guidance, business practices, CPR and first aid. <sup>⊗⊗</sup>The eight different types of toys and materials include those for: motor development, language and literacy, art, math, science, dramatic play, books for all ages and materials that are culturally sensitive. <sup>⊗⊗⊗</sup>The eight types of learning opportunities are: plan a variety of learning activities, read to children, introduce mathematical concepts, offer creative activities, offer dramatic play, offer active play, encourage self-help skills and limit use of television. <sup>⊗⊗⊗⊗</sup>The 10 health areas are: hand washing, meals and snacks, immunizations, exclusion of ill children, universal health requirements, administration of medications, toxic substances, diapering/toileting, home sanitation and weekend/evening care. <sup>⊗⊗⊗⊗⊗</sup>The 10 safety areas are: SIDS prevention, discipline/prohibiting corporal punishment, crib safety, electrical hazards, protection from swimming pools and other water sources, fire drills/emergency plans, outdoor playground surfaces, supervision, door locks/safety gates and transportation.
