2012 State of Small Family Child Care Homes in South Dakota

Strengths

- None, as South Dakota does require licensing for small family child care providers.

Weaknesses

- Does not license small family child care homes. Family child care providers may care for up to 12 children without being licensed.

Recommendations

- Require every family child care home caring for one unrelated child or more for pay to be licensed.
- Require everyone present in a family child care home to undergo a comprehensive background check.
- Introduce inspections for family child care homes at least annually.
- Require family child care providers to complete comprehensive initial training and at least 24 hours annual training.
- Require providers to address all recommended health and safety standards.
- Require family child care providers to address all recommended health and safety standards.

State Note: In South Dakota, a family child care provider is allowed up to 12 children without being licensed. Since South Dakota does not require licensing for small family child care homes unless they receive public funds, the state received a zero. Providers who choose to voluntarily register with the Department of Social Services must meet standards and have background checks.

Notes:

The total maximum points a state could receive is 150. Ranks out of 52, including 50 states, the District of Columbia, and the Department of Defense (DoD).

States received a score of 0 if they do not regulate small family child care homes (care for up to 6 children) OR if the number of children the provider could care for before licensing, including the provider's own children, is seven or more.

States receive a score of 0 if they do not inspect before licensing. Credit given for inspections by licensing, fire, safety and health authorities.

Eight areas of initial training are: child development, child abuse prevention, learning activities, health and safety, child guidance, business practices, CPR, first aid.

Eight different types of toys and materials include those for: motor development, language/literacy, art, math, science, dramatic play, books for all ages, materials that are culturally sensitive.

Eight types of learning opportunities are: plan a variety of learning activities, read to children, introduce math concepts, offer creative activities, offer dramatic play, offer active play, encourage self-help skills, limit use of television.

Ten health areas are: hand washing, meals and snacks, immunizations, exclusion of ill children, universal health precautions, administration of medications, toxic substances, diapering/toileting, home sanitation and weekend/evening care.

Ten safety areas are: SIDS prevention, appropriate discipline, crib safety, electrical hazards, protection from bodies of water, fire drills/emergency plans, outdoor playground surfaces, supervision, door locks/safety gates and transportation. States that permit corporal punishment score a zero in the safety area.
